**CONTINUOUS VIBRATIONS.**

# **NIGHTLY WASHDOWNS.**

## **THE PERFECT LOCATION FOR LIQUIDTIGHT CONNECTORS.**

Appleton Liquidtight connectors keep the power protected in the most demanding and caustic locations. With a range of Class I Division 2 connectors made from corrosion-resistant bar stock steel or malleable iron construction, they are ideal for OEM equipment in harsh environments. Appleton's Liquidtight connectors also feature fewer parts for quicker and easier installations.

Find out more about Appleton's impermeable Liquidtight connectors by visiting [www.egseg.com/liquidtight](http://www.egseg.com/liquidtight). Or give us a call at 1.800.621.1506

EMERSON. CONSIDER IT SOLVED.™
