

THIS IS NOT A CHEMICAL PLANT. IT'S A PLACE WHERE SPARKS NEVER SEE THE LIGHT OF DAY.

Appleton electrical products are specifically designed to exist in the most hazardous environments. We manufacture more than 20,000 premium electrical fittings, connectors, and enclosures to help make your electrical installations safer. Watertight. Corrosion resistant. Vaportight. Explosionproof. Trusted protection for you and your reputation under the toughest conditions since 1903. Call 800-621-1506, or visit www.appletonelec.com to learn more and register to receive "Fear Not", an overview of why you should specify Appleton.
